## Problem Statement

Scrap collector brings transparency to the age-old ways of waste paper collection. We have introduced the use of electronic weighing scales at the doorsteps of clients. Our First Priority at scrap collector is Customer Satisfaction which we try to achieve by giving the Best Price, Accurate Weight (Electronic Weighting Machine) and 100% assurance of Recycling the Scrap Material Provide by our Customers. We purchase waste paper of all kinds at a fair price, including newspapers, notebooks, magazines, steel, brass, glass, iron, plastic, etc. We make use of technology in the whole process of collecting waste. Give away your recyclables used paper, plastic, metal, glass etc. in a most environment friendly manner. We have a centralized call center, and our mobile workforce use tablet PCs for submitting their transactions. This enables trust among common people.
